ABOUT ME

I am a passionate and driven Computer Science student with a strong foundation in programming, web development, and database systems. I enjoy building responsive, real-world applications using modern tools and frameworks. With hands-on project experience and active participation in hackathons, I'm always eager to learn, collaborate, and contribute to innovative tech solutions.

EDUCATION

2023-2027

Keshav Memorial
Institute of Technology

Bachelor of Technology (B.Tech)

Currently pursuing a course in Computer Science and Engineering
CGPA: 9.18

2021-2023

Narayana Junior
College

Intermediate(MPC)

Telangana State Board of Intermediate Education
Percentage: 97%

PROJECTS

Feb 2025- May 2025

CodeGenie – AI-Powered Code Assistant

A VS Code extension that provides smart, context-aware code suggestions using DeepSeek-Coder. It supports features like autocompletion, fill-in-the-middle (FIM), and intelligent code snippets to boost developer productivity.

Nov 2024-Jan 2025

Culinary Quest – Recipe Management Web App

A full-stack MERN application with user and admin roles. Users can browse, search, and view detailed recipes, while admins manage users and content. Features secure authentication, dynamic dashboards, and responsive UI.

SKILLS

- Leadership
- Problem Solving
- Communication
- Team work
- Web development
- Java
- Python
- C language

HACKATHONS & EXTRA-CURRICULARS

Bits Texelerate Hackathon – Participant

Developed an Inventory Management System with real-time stock updates and user role management using web technologies.

KMIT Fest 2024 – Volunteer (Organizing Committee)

Assisted in managing technical sessions, registrations, and coordinating participants during college tech fest.
